

	C	D	E	F
5	Bridge line	Amount	Unit	Treatment
6	Net income	120.1	USD bn	Filed starting point
7	Depreciation and amortization	2.8	USD bn	Noncash expense; renewal spending is estimated separately
8	Stock-based compensation	6.4	USD bn	Treatment follows Assumptions
9	Add-back if selected	0	USD bn	Only if dilution / repurchase cost is modeled
10	Estimated maintenance investment		USD bn	Analyst input; not separately disclosed
11	Normalized incremental net working capital		USD bn	Analyst input; reconcile all relevant balances
12	Estimated equity owner earnings		USD bn	Incomplete until both assumptions are filled
13	Bridge status	Needs maintenance and NWC evidence		Blank is unavailable, not zero
14	Known AR + inventory cash uses	26.7	USD bn	Diagnostic only; not deducted as net working capital
15	Supply / capacity obligations	95.2	USD bn	Schedule by date and contract terms before modeling cash
